

Nash Nizam

Hands-on Finance Executive during Change and Growth

A highly analytical and resourceful financial executive with a career history of helping companies succeed and thrive with sustainable growth. His strong talent for establishing financial planning/forecasting processes, overseeing A/R, A/P, B/S, & P&L reviews, managing key projects for cost containment/revenue growth, and leading teams to become top-performers makes him a key advisor to improve organization wide processes, increase profitability and achieve financial success..

SELECTED ACHIEVEMENTS

- Conducted due diligence on over 30 acquisitions across Canada and centralized A/P, A/R, and financial reporting functions resulting in 50% administrative cost savings across business units.
- Arranged banking facility of over 50M to fund acquisition growth.
- Managed operating, capital and construction budgets (+700m) for a leading hospital.
- Enhanced clinician productivity by 20% across all business units by developing and implementing performance metrics and reporting.
- Accomplished cost savings of 35% for human resources by streamlining administrative operations.
- Implemented time and billing system to ensure timely, accurate, and complete revenue achievement.
- Designed and implemented job costing system ensuring complete control over costs and billings.
- Audit of hotels including Hilton, Marriot, and Travel lodge to optimize financial controls and accounting processes.
