

Richard Solomon

With extensive experience in the arts, health and social services, Richard provides strategic direction, develops partnerships, strengthens organizational infrastructure and facilitates new revenue streams. He is a certified not-for-profit executive with thirty years leadership experience. He provides stability and change management during transitional periods, quickly engaging teams and implementing changes to move organizations forward successfully.

SELECTED ACHIEVEMENTS

- Developed and led strategic planning processes resulting in multi-year strategic plans that increased organizational capacity, enabled sustained growth and achieved successful new strategic directions for charities in the health sector
- Created & implemented operating & programming plans that established new alliances & enhanced program diversity for social service not-for-profit organizations
- Developed a proposal for major new program in the addictions sector based on community need which resulted in permanent, annualized funding of \$1.3M
- Developed mechanisms to improve organizational culture resulting in a 26% reduction in staff turnover
Produced a strategic assessment with key recommendations which provided new perspectives for board directors
- Initiated task force on land acquisition resulting in doubling of the number of affordable housing units built over prior period
- Advocated for support of specialized therapy program which resulted in the Ontario Ministry of Health's first-time award of a provincial service agreement in the Infant Hearing Program, and a reduced need for private fundraising
- Successfully collaborated with municipal councils to waive development fees for affordable housing, enabling more donor funds to be directed to home construction
